

MARKETING ASSISTANT FOR BIOTECH COMPANY

Do you want to join a dynamic highly skilled biotech company? We are looking for a Marketing Assistant who can actively take part in activities related to our digital marketing efforts and help with back office tasks supporting our line of business.

The position offers opportunities to gain insight and experiences in the daily activities linked to digital marketing. You will work approx. 8 hours a week with flexibility during exam periods and you will work closely together with our Digital Marketing Specialist.

Your tasks amongst others:

- Assist with maintenance, SEO and creation of content for our website
- Create Weekly newsletters for our sales distributors
- Generate reports based on our digital efforts
- Assist in idea generation and creation of relevant content for our platforms (SoMe, newsletters, website and offline)
- Create English subtitles for our webinars and online presentations
- Assisting our Commercial Specialist with packing and documenting international shipments, maintaining our CRM-system and other back-office ad-hoc tasks.

Who are you?

You are currently on your Bachelor studies, either on 4th or 6th semester, or have just begun your Master studies in a relevant field, communications, marketing, business or other relevant fields. You have at least two years left of your studies.

- You do not necessarily have practical experience within Digital Marketing, however, is curious to learn more
- You have strong communicative skills and are fluent in English (written and spoken)
- You have experience or a strong interest in digital marketing platforms (WordPress, MailChimp, Google Analytics and SoMe ad managers etc.)
- A positive attitude and are curious and comfortable with working with complex systems and tasks.

Depending on your interests and competences we are offering the opportunity for you to help define your future tasks and areas of work within our digital marketing universe.

We can offer you an informal and entrepreneurial work culture with dedicated colleagues, a good salary, a company lunch program and flexible hours of work. You will be located at our office in Odense C and work will be between 8.30-17.00 depending on your schedule.
